

Combine fun & functionality with

WipeErase™

Fun with
dry erase!

WipeErase™ is a 3 mil (75µ) premium clear PET overlaminate with a dry erase hard coat. Graphics that are laminated with WipeErase™ can be written on without ghosting or staining from ink. The chemical and scratch-resistant clear gloss surface of WipeErase™ safeguards against these concerns. When compared to other high quality dry erase boards, WipeErase™ is remarkably easy to erase. Its anti-graffiti properties also allow for easy removal of permanent marker with rubbing alcohol. Available in widths up to 61" (1549mm).

For a matched component solution, pair WipeErase™ with ReTac® Smooth print media to produce personalized dry erase graphics that can stick to and be removed from virtually any smooth surface. ReTac® Smooth is compatible with (eco) solvent, UV and latex printers.

Create dry erase boards for these environments:

OFFICE

SCHOOL

HOME

HOSPITAL

How to Create Your Own:

- 1** Print graphics on ReTac® Smooth
- 2** Affix WipeErase™ to printed ReTac® Smooth with a roller laminator
- 3** Cut out laminated graphic prints
- 4** Apply graphic prints to wall for dry erase use
- 5** Remove cleanly anytime
